

DECEMBER 2023 NEWSLETTER

## A Letter to you from us

---

Hi everyone!

It is absolutely astounding to realize that we are nearly at the end of 2023. We hope you have all had a successful and enjoyable year. I am so proud of the things we have accomplished this year. We have onboarded 101 new providers since January, including certified and non-certified ASL interpreters, CART captioners, and TypeWell transcribers. We also reactivated over 50 inactive providers and got them back on our calendar.

We brought in 21 brand-new clients! This list includes government agencies, educational institutions, nonprofit organizations, doctor's offices, and private entities.

Our company website was completely rebranded, with a new logo, more informational offerings, and amazing client testimonials. We have been tracking potential clients who visit our website and complete our contact form, which has been interesting and has taught us a lot about who looks for our services and what they need to know to make informed decisions.

DECEMBER 2023 NEWSLETTERS

## DID YOU KNOW???

'Tis the season for holidays, so let's take a few minutes to explore the different holidays that are celebrated this month.

### HANNUKAH December 7-15th

Hannukah (Chanukah) means "dedication." The holiday is named that, because it celebrates the rededication of the Holy Temple after it was taken back from the Seleucids.

### CHRISTMAS December 25th

Christmas is both a religious holiday, and a cultural celebration. For Christians, it's the anniversary of Jesus Christ's birth. Culturally, it's a time to give generously.

### KWANZAA Dec. 26 - Jan 1st

Kwanzaa was given its name by the Swahili phrase "matunda ya kwanza" which means "first fruits." The purpose of the holiday is to unite and empower the African American community.
