## TELL US!

One way to intentionally celebrate Black History Month is to purchase from black-owned businesses.

Tell us where you like to shop by February 15th so we can share the list with others. Let's help each other find a new business!

## BLACK HISTORY MONTH

This month we're highlighting the history of Black ASL and its importance in our country's history. Black ASL was developed during segregation because deaf schools didn't accept Black students. Black ASL is recognized as separate from ASL.

To learn more check out ["The Hidden Treasures of Black ASL."](#)

Follow us on IG as we feature more history of Black ASL and its importance in our country's history.

## OPEN ENROLLMENT Starts February 2023

Open Enrollment is when you can enroll, change, or stop your health insurance coverage. Any changes that are made to your plan will be effective March 1st, 2023.

During the Open Enrollment meeting, we will review plans, costs, new additional lines of coverage, and additional benefits that are available to our employees. The meetings will be held virtually and presented by Capital Services, LLC, and our very own Casaundra Anthony.

The time and dates will be announced via email. Employees will have the opportunity to ask questions at that time.

## CONGRATS!

**Shiwei Cheng, you're a winner!**

Thanks to everyone for sharing your favorite ways to wind down; we even shared them on IG!
